Frame Wall Light

by Dante Donegani and Giovanni Lauda

Frame is a mini collection of aluminum LED wall lights. The structure consists of two extruded aluminium elements: an outer ring-shaped element and an inner one that allows the symmetrical diffusion of the light upwards and downwards. Inspired by the idea of a wall-mounted handle, Frame provides high light performance. Frame is available in a white or silver finish in a variety of sizes. W2 and W3 version is PHASE dimmable (W1 is non-dimmable).
