Acquaglobo Floating Lamp

by Slide Studio

Acquaglobo is a family of floating spherical lamps which bring a magical atmosphere to water features. Made of lightweight polyethylene with an IP68 rating, Acquaglobo gracefully floats on the waters surface, gently illuminating indoor or outdoor spaces. Acquaglobo connects to a 30W transformer (sold separately) via a transparent waterproof cable. Available in 30cm or 60cm size (more sizes available on request). Transformer sold separately. SAFETY NOTE: Connector and transformer must be kept away from water.
