VI S/JUBE/1

Black, Gold, Steel

G, P, S

Essential, sinuous and delicate, Jube was born from the union of two mouth blown glasses that, once assembled together, create an overlapping, ton sur ton effect with retro charm. Thanks to a powerful waterjet which perforates glass with holes of a very large diameter, the fusion of the glasses is perfectly integrated, allowing two glasses look like a single piece. The LED light source produces a widespread and powerful light. Available in various finish combinations in large, small or mini size.
