

Puppet Ring Wall Light

by Romani Sacconi Architetti Associati

A re-imagining of the now modern classic Puppet collection, the Puppet Ring wall light is a new innovation from Romani Sacconi Architetti Associati. In line with the original collection, Puppet Ring incorporates delicate mouth blown crystal diffusers, each imbued with an irregular lined degrade finish which produces a soft cloudy pattern on surrounding surfaces. It's unique "ring" like frame imbues the updated collection with an air of contemporary elegance. Wall light available in brass or black frame with smoke, amber, crystal or white glass diffusers.
