

Pivotante A Poser

by Charlotte Perriand

Innovative design for the 50s but still a contemporary table lamp. The lighting output is adjusted by the opening or closure of the volets. Its cylindrical body opens on two sides on which two diffusers rotate allowing the opening and closing of the light beam to adjust the light in a direct or indirect way. Steel base painted in matt grey, body in rolled metal sheet painted in a variety of finish options. Switch on cable.
