Manifesto Wall Light

by Timo Ripatti

Manifesto is a creative play of shapes and paths of light. With a clear neoplasticist influence, the fixture is characterized by stylistic audacity and aesthetic balance. When the light is off, the lamp manifests itself as a abstract sculpture affixed to the wall. When the light is on, it is surrounded by a luminous halo which traces the boundaries of manifesto's form, enhancing its impact. Designed by Timo Ripatti and developed by Axolight.
