Venere Wall & Ceiling Light

by Giovanni Lauda

Venere is a versatile wall or ceiling-mounted lamp that emits diffused light. Its powerful, dimmable LED source is housed within a sleek design, featuring a body made of aluminum casting and a diffuser crafted from injection-molded opaline polycarbonate. While seamlessly integrating with the wall or ceiling surface, Venere can open up to 96 degrees and rotate in any direction, allowing precise light targeting. Its circular shape and dynamic movement evoke the image of a human eye in motion, reminiscent of the legendary beauty known as the 'strabismus of Venus.'
