String H0 Wall Light (TW)

by Dante Donegani and Giovanni Lauda

The String H0 Wall Light by Rotaliana realises modern design in a highly functional form. The adjustable head, made of moulded plastic, is easy to handle thanks to its ring shape. A touch-sensitive tuneable-white switch within the lamp's head adjusts the LED light's luminosity and colour temperature (2500K to 4000K). Available in various contemporary finishes. Made in Italy.
