

Onfale Table Lamp

by Luciano Vistosi

Designed by Luciano Vistosi in 1978, the Onfale Table Lamp is a timeless piece that blends sculptural form with refined craftsmanship. Inspired by the natural shape of a mushroom, its softly rounded silhouette is crafted from opaline blown glass, finished with a delicate transparent crystal edge that highlights the purity of its design. Available in three sizes, Onfale Large and Medium feature a second internal light source, allowing for beautifully even illumination and flexible lighting effects. A true icon of Italian design, Onfale brings warmth and elegance to both classic and contemporary interiors.
