Altrove Wall Ceiling Frame

by Carlotta de Bevilacqua

A frame creates a volume of coloured light which interacts with the mirror surface on the bottom and with the incisions on the transparent front surface which extract the light. In a game of re- flections, the space is no longer one, instead becoming multiple or simply other, an illusory perception of reality that takes you to a new place, altrove (literally, elsewhere).

Designer	Carlotta de Bevilacqua
Supplier	Artemide
Country	Italy
SKU	ART PL/ALTROVE
Warranty	2yr commercial / 3yr residential
Size Options	1000mm, 600mm
