

Discovery Vertical Pendant

by Ernesto Gismondi

Building on the Compasso d'Oro-winning Discovery, the Discovery Vertical Pendant turns Artemide's patented optical technology on its side. Its circular emitting surface hangs vertically in space. Unobtrusive and almost immaterial when off, its volume is perceived only once illuminated, as light outlines the central surface and produces a uniform glow that suits working environments. Suspended as a slender luminous disc, it reads equally well as a centrepiece or as an understated presence in the room. The Discovery Vertical Pendant is offered in three sizes and a choice of finishes. It comes in standard white, Tuneable White, RGBW and Integralis light versions, with push, DALI or Artemide App control depending on the version. A design by Artemide co-founder Ernesto Gismondi, Discovery Vertical captures the brand's blend of optoelectronic expertise and design culture, translating innovation into emotional perception. Made in Italy by Artemide.

Designer	Ernesto Gismondi
Supplier	Artemide
Country	Italy
SKU	ART S/DISCOVERY/VERTICAL
Warranty	2yr commercial / 3yr residential
Size Options	100, 140, 70
Finish Options	Black, Bronze, Sanitised Aluminium
Version Options	Integralis - Artemide APP, RGBW - Artemide APP, RGBW - DALI, Standard - Push + Artemide APP, Standard - Push/DALI, Tuneable White - Artemide APP, Tuneable White - DALI
