Empatia Ceiling Wall Light

by Carlotta de Bevilacqua

Inspired by the timeless art of Venetian glass-blowing, Empatia wall light is the result of a close collaboration between Artemide and master glass artisans. Each piece is individually crafted, celebrating the delicate balance between transparency and opacity to create a soft, glare-free glow. The glass diffuser is paired with a high-performance LED, designed separately to enhance thermal efficiency and light quality. A transparent light guide channels illumination seamlessly into the hand-blown glass, creating a luminous effect that beautifully enhances a space. Available in three sizes and can be installed on wall or ceiling surfaces. Designed by Carlotta de Bevilacqua and Paola di Arianello and made in Italy.

Designer	Carlotta de Bevilacqua
Supplier	Artemide
Country	Italy
