

Dalu Table Lamp - Colour Matte Collection

by Vico Magistretti

Part of a special collaboration between Artemide and Danese Milano, the Dalu Colour Matte Collection table lamp revisits Vico Magistretti's 1969 design through an expressive new palette. The Colour Matte Collection reinterprets four design icons through a chromatic lens, introducing colour as a language that bridges tradition and contemporaneity. Magistretti's Dalu - with its flowing, single-piece thermoplastic form - was born from the revolutionary energy of late-1960s Italian design, and its playful silhouette has lost none of its cultural resonance in the decades since. This special edition presents the iconic moulded shape in five exclusive matte finishes: Light Blue, Blue Klein, Yellow, Lilac, and Green. The Dalu Colour Matte Collection table lamp is made in Italy by Artemide.
